Wireless Blood Pressure Monitor

for iPod touch®, iPhone®, and iPad®

Track automatically.
Know instantly.

Measure blood pressure directly from your iPod touch, iPhone and iPad

Record systolic/diastolic numbers, heart rate, and pulse wave

View historical readings through colorful, easy-to-read displays

Generate custom graphs by date and time or systolic/diastolic numbers

Share results instantly with friends, family, or healthcare providers

Free app includes personalized health tools

Product Specifications

- Product name: Wireless Blood Pressure Monitor
- Product model: BP5
- Classification internally powered, Type BF applied part, IPX0, No AP or APG, continuous operation
- Wireless Communication: Bluetooth V3.0 + EDR Class 2 SPP
- Machine size: 5.7" x 2.3" x 1.2" (145mm x 58mm x 30mm)
- Cuff circumference: 8.7" - 16.5" (22cm - 42cm), 16.5" - 18.9" (42cm - 48cm) (XL size sold separately)
- Weight: approx 4.8 oz. (135g) (excluding cuff)
- Measuring method: Oscillometric method, automatic inflation and measurement
- Power: DC:5V = 1.0A, Battery: 1*3.7V = Li-ion 400mAh
- Cuff pressure range: 0-300mmHg
- Pressure accuracy: ±3mmHg
- Pulse rate range: 40 -180 beats/min, accuracy: ±5%
- Operating temperature: 5°C~40°C (41°F~104°F)
- Operating humidity: ≤90% RH
- Storage and transport temperature: -20°C~55°C (-4°F~131°F)
- Storage and transport humidity: ≤90% RH

Put Your Health Front and Center

We make it easy for you to make important health decisions.

Track your vital signs anytime, any place, on any supported device.
