

## JCL COUNTING SCALE

### FEATURES

- New electronic design for improved operation (A/D design cover by aluminium plate; prevents PCB from static & moisture)
- Tare, pre-tare, full range tare
- Automatic counting accuracy improvement (ACAI) for excellent counting accuracy
- HI/OK/LO check weight function
- Stainless steel weighing pan
- Bubble level and adjustable feet
- Dust proof PVC cover included
- Transportation protection device
- Weighing platter easy to disassemble
- Anti-cockroach design
- Low battery and charging status indication
- Maximum of 99 data accumulation can be stored
- Single point calibration and linear calibration available
- Auto power off timing selection; saves battery life
- CE Approved

### OPTIONS

- RS-232 (RTC) Interface
- Dust proof PVC cover
- BP-545D Thermal Printer
- SH-24 Dot matrix printer
- Cable for PC connectivity (VIA RS232)

### SPECIFICATIONS

	JCL-1.5K	JCL-3K	JCL-7.5K	JCL-15K	JCL-30K
Capacity (kg):	1,5	3	7,5	15	30
Division (g):	0,05	0,1	0,2	0,5	1
Weighing Modes:	kg & lb				
Display:	LCD 6/5/6 Digits , LED Backlight				
Power:	Rechargeable battery built in and power cord included				
Pan Size (mm):	294x228mm				
Dimensions (mm):	341x294x104mm
